Items/Discussion:

Update on Status of School Reopening

Superintendent White stated that the purpose of tonight’s meeting will be to provide an update to the Deep River BOE and community about reopening preparations specifically at Deep River Elementary.

Before he started the update, Superintendent White gave new Principal Lauren Feltz time to introduce herself to those attending the meeting.

Superintendent White reminded everyone about past detailed presentations to the Joint BOE and all our communities at Joint BOE meetings held during the last two weeks, videos of which along with copies of the presentation are available on the district website. Additionally, other information has also been posted on the website along with a multipage FAQ document based on questions received from the public. He then opened the discussion up to BOE members who may have Deep River Elementary specific questions.

Superintendent White and Assistant Superintendent Martineau answered questions from the Board.
