The meeting began at 10:00 a.m.

**Items/Discussion:**

There was a discussion regarding the current status of long range projects both completed, and in progress, including enrollment projections, a facilities and athletic grounds study at Region 4 school campuses, and a building study at all of our buildings that is just getting underway. This building study will help with long term planning in all districts and help to provide a holistic view to understand total cost across all grade levels and across all 3 towns. Gathering this date will help all districts and stakeholders to anticipate the needs of our students, and to help to guide the next 5 years of strategic planning.

Audience of Citizens: No comments were made

**Adjournment:**

The meeting concluded at approx. 10:33 a.m.
