<b>Attendance:</b>	<u>Board members</u>	<u>Administration:</u>	<u>Others:</u>
	Miriam Morrissey ✓	Josh Torchia ✓	Pete Waz, Facilities Mgr. DRES ✓
✓ = present	Bob Ferretti ✓ (participated remotely)	Bob Grissom <i>Finance</i> ✓ <i>Director Region 4</i>	Angus McDonald, ✓ DR River First Selectman.

Call To Order: approx. 11:00 a.m.

#### Items/Discussion:

##### Roof project DRES Library

We have scheduled the roof project for Saturday September 24th with overflow into Monday the 26th pending weather conditions. With Rosh Hashanah on Monday the 26th we have no kids in the building. We have a backup rain date of October 8th-10th, Columbus Day weekend

##### Library

The library flooring was completed over the summer. Painting will be completed at a later date

##### Flooring Entrance Ramp / Gym Lobby

The desire of the committee is to have a durable flooring put in both the gym lobby and library ramp as these are high traffic areas and often are exposed to elements as students enter the building. Any flooring has to be ADA compliant. Rubberized flooring is the preference, we will need to get a quote before budgeting

##### EV chargers

In discussing electric vehicle chargers, the committee agreed that the best location would be in the tri-town parking lot adjacent to the staff lot on High street. This would allow access for staff if they chose to do so and give the public access to the chargers during the full day.

##### Playground

\$200,000 of the bonding is being allocated to DRES for purposes of replacing the playground. We will have a committee meeting on September 15th prior to the board of education meeting with the representatives of the town groups for the larger committee and we will then break off for the two projects.

##### Additional Items

- Natural Gas
- The cost is projected to rise significantly going into the winter months. The school still has an oil boiler and is equipped to switch if need be.

#### ADJOURNMENT:

The Committee adjourned at approx. 11:32 a.m.
