2018-2019 School Year Budget Request

DEEP RIVER SCHOOL DISTRICT

The Deep River School District is part of a system of schools comprising the Chester, Deep River, Essex, and Region 4 school districts. The districts are governed by multiple Boards of Education and administered under the auspices of the Supervision District agreement. The Boards of Education are committed to providing a rigorous, challenging, and cohesive educational program with a PK-12 line of sight.

Deep River Elementary School

Deep River Elementary School The Deep River Elementary School is the only elementary school in the town of Deep River, Connecticut. The Deep River Elementary School has the charm of a small New England school. The school population consists of students from kindergarten through sixth grade. The main section of the school is housed in the original building, which previously served as the Deep River High School, which was completed in 1914. The building became an elementary school in 1952. Additions were made to the building in 1960 and 1971. The final renovation occurred in 1997 when a new gymnasium was added and the building was upgraded to meet all ADA (Americans with Disabilities Act) requirements.

The Deep River Elementary School continues to place an emphasis on improving student achievement. The staff has continued to focus their efforts on the implementation of the school wide action plans, which were developed as part of our school improvement plan. The goals focused on math as well as reading comprehension.

Priorities have also included updating curricula, maintaining small class sizes, and expanding opportunities for staff to collaborate and review student work. A new master schedule has been developed which allows for more time for the professional staff to collaborate, analyze data, and share student work. Over the past few years, significant funds have been made available to us to upgrade our library collection. Our flexible library schedule resulted in an increased level of team teaching between our librarian and classroom teachers.

The School Improvement Team Steering Committee developed a parent questionnaire, which was distributed to parents and reviewed by the team. Topics included academic rigor, communication, social development, safety, climate, recess, and lunch. A separate questionnaire was developed for the students.

Over the years, Deep River Elementary School has received enormous support from the community at large. School budgets have been supported which have allowed for small class sizes, curriculum expansion, and technology upgrades. The dedicated staff along with the support of the parent community has served, as a successful partnership for meeting the academic, social and emotional needs of the children.

DEEP RIVER SCHOOL DISTRICT

District Strategies for 2017-2020

All schools and staff will be dedicated to pursuing and implementing the strategies that the strategic planning team identified as the most crucial to the improvement of student success in our priority identified skills. They are:

1. Operationalize a three community, unified focus – Pre-K to 12 – on critical and creative thinking for solving difficult problems and to focus and align the districts' goal setting processes with these priorities across towns, building and grades.
2. Clarify/unify the assessment philosophy of the districts and comprehensively audit the use of assessment resources to ensure they are consistently applied throughout the districts and then build/use the assessment capacity of the districts to enable reliable assessment and data reporting of student proficiency in the priority skills (3 Year Process).
 - Data collection across the districts
 - Assessment Audit
 - Assessment Philosophy
3. Support teachers in the enhancement of their capacity (professional learning, development, support and feedback) to teach and assess higher order thinking skills (critical and creative problem-solving) in a digital learning environment. - (Educator Evaluation Rubric 3B and 3C).
