

Youth and Family Programs at the RTP Estuary Center

Halloween Parade at the RTP Estuary Center Saturday, October 29; 4-5 p.m.

Join us for a family Halloween Spooktacular at the RTP Estuary Center! Create Halloween decorations, get hands on with some spooky science, and participate in the costume parade! We will also have members from the Mountain Laurel Chapter of Wild Ones teaching how to build seed balls with native CT plants! Come dressed in your Halloween costume, and bring your holiday spirit. All ages welcome, children must be accompanied by an adult.

After-school Adventures Program Tuesdays and Wednesdays, beginning October 25; 3:30-5:00p.m.

The RTP Estuary Center's afterschool program allows participants the opportunity to participate in hands-on, inquiry based learning experiences through STEM based activities.

Eco-Adventures, Tuesdays, Grades 2-4

Explore, build, investigate and test -STEAM in ACTION! There will be a new adventure each week as we search for birds, catch insects, and explore nature. Students will then construct, explore, problem solve, test materials, and work cooperatively! We'll use binoculars, microscopes, and much more!

Art and Science, Wednesdays, Grades 1-3

Science invites inquiry, while art inspires the creative process. The two will interconnect in this explorative hands-on afterschool program. Each week students will experiment with a variety of materials and mediums, and witness firsthand the intriguing, beautiful results that can happen!

Vacation Day Program

Tuesday, November 8; 9 a.m. - 4 p.m.

Join us for a day of fall fun! Outdoor explorations, hands-on science experiments, games, and creative activities are in store! Dress to be outdoors rain or shine.

Program is for ages 5 – 10
