

New Teen Reads!

Five Nights at Freddy's: The Silver Eyes The Graphic Novel Recommended for Grades 7-12

Ten years after the horrific murders at Freddy Fazbear's Pizza that ripped their town apart, Charlie, whose father owned the restaurant, and her childhood friends reunite on the anniversary of the tragedy and find themselves at the old pizza place which had been locked up and abandoned for years. After they discover a way inside, they realize that things are not as they used to be. The four adult-sized animatronic mascots that once entertained patrons have changed. They now have a dark secret . . . and a murderous agenda.

Gleanings: Stories from the Arc of a Scythe Recommended for Grades 8-12

The New York Times bestselling Arc of the Scythe series continues with thrilling stories that span the timeline. Storylines continue. Origin stories are revealed. And new Scythes emerge!

There are still countless tales of the Scythedom to tell. Centuries passed between the Thunderhead cradling humanity and Scythe Goddard trying to turn it upside down. For years humans lived in a world without hunger, disease, or death with Scythes as the living instruments of population control.
